**Although Connect AFC did not anticipate a price increase mid-year, the November 2018 election yielded the passage of a law increasing the Arkansas Minimum Wage every year for the next three years. Minimum wage will increase by 8% in 2019, an additional 7.5% in 2020, and an additional 9% in 2021. For a total increase of almost 23% in the next three years. Thus, in order to maintain compliance and continue to recruit and retain quality staff members, Connect AFC will be implementing a scaled price increase over the next three years.*
